Jr. Woman's Club To Sponsor All -Star Basketball Benefit Games

The Junior Woman's Club of Appomattox will sponsor three Little League All-Star Basketball games Saturday night, March 5th, at the Appomattox County High School gym. First game time (8-9 year olds) will be 6:30 p.m. and the other games will follow thereafter.

Admission will be $1.00 for adults, 50c students, and under 5 years of age free. All proceeds from these games will pay for the sponsorship of an Appomattox County Youth to Camp Easter Seal West for a four-week Speech Therapy Session during June of this summer. Presently, Camp Easter Seal West is the only camp in Virginia that offers programs for all types of physical handicaps, to mentally retarded, and the emotinally disturbed. Besides involvement with speech therapy, the local youth chosen to attend the camp will participate in activities such as swimming, canoeing, hiking, horseback riding, and overnight camping. The camp is located in Craig County, Va., near Fincastle and New Castle. A prime objective of Camp Easter Seal is to stimulate an awareness of abilities instead of disabilities.

The players picked as All-Star and the winning teams will be announced in next week's edition of the Times-Virginian.

It is the hope of the Jr. Woman's Club that everyone will come out with their families March 5th and enjoy an evening of entertainment and excitement demonstrated by our local youth basketball players as well as support a worthy project.

Amherst Seeks Revenge

By: Donna Mitchell

On the night of February 15, the Appomattox Raiderettes traveled to Amherst to meet the Lancerettes for a Seminole District clash.

It seemed as if the Raiderettes couldn't hit in the first quarter as Amherst took a 15 to 4 lead. The second quarter was a lot like the first but both teams didn't hit well, although the Lancerettes still led 22 - 12 at the half. In the third quarter, both teams held each other below 7 points with Amherst scoring 6 and Appomattox 5 which left the score 28 - 17 in favor of Amherst at the end of the quarter. Appomattox seemed to catch fire in the fourth quarter, but couldn't seem to put the Lancerettes' fire out as they held on to win, 36 - 31.

Appomattox was led by Carolyn Jean Smith who had 13 points and 7 rebounds. Marlene Moore had 6 points and 5 rebounds while Marie Fraley, Connie Murray and Jan Stanley chalked up 4 points each.

The Raiderettes are now 9 - 6 in the District and are on the way to another tournament.

Be at the games and cheer the Raiderettes on to No. 1 !

Queen Bees Slip By Raiderettes

By: Donna Mitchell

In the last game of the regular basketball season, the Appomattox Raiderettes met the Brookville Queen Bees.

The first quarter was very close and Appomattox came out on top with the score 14 - 12. In the second quarter, the Queen Bees shot out ahead getting 17 points to the Raiderettes' 9 making the score at the half 29 - 23 in favor of Brookville. The Raiderettes were out to get Brookville in the third quarter and outscored the Queen Bees 18 to 5 to take a lead of 41 - 34. The fourth quarter looked as if the Raiderettes' luck had run out as Brookville won 49 - 46. Though the fourth quarter seemed to be all Brookville, the Raiderettes never gave up and fought back until the final buzzer sounded.

Carolyn Jean Smith led the Raiderettes with 20 points and 5 rebounds. Marie Fraley chalked up 12 points, Connie Murray had 8, Marlene Moore had 3, Jan Stanley 2, and Roxie Martin 1. Marlene Moore was leading rebounder with 7 rebounds. The Raiderettes shot 40% from the floor and the Queen Bees shot 44%.

Everyone in Appomattox County should be very proud of this year's girls basketball team. They are a terrific team and with the girls working together, they are on their way to the tournament.

Many people seemed to think with the loss of last year's Seniors, the Raiderettes would never make it to the tournament. They have made it and could possibly be on their way to another District title.

This year's Seniors have really added a lot to the girls' team The Seniors this year are Carolyn Jean Smith, Vicki Thomas, Teresa Harris, and Jan Stanley. We wish all of them the best of luck in their future plans.

Good Luck, Girls !!

Bees Sting Raiders

By: Tamara Nash

It was the last game of the basketball season for 3/4 of the Raider team. While the Raiders record was 4 - 16, there was never an easy game for the opposing team. The Raiders knew how to play ball and they played. There was never a dull game and the packed stands at both home and away games proved that Appomattox is proud of their Raiders.

Against Brookville, the Raiders began with a "bang" leading the Bees 18 - 8 in the first quarter and 32 - 22 in the second. If the Raiders could drop one quartet from the books, it would be the third. Appomattox scored only 4 points, Brookville scored 17 and the Bees never trailed from then on out. Scoring 13 points in the fourth quarter to a Bee 17, the Raiders lost their final game of the season 59 - 45.

High-scorer for the Raiders was Mitch Eggleston with 20 points. Bill Shorter scored 14 points, James Robinson scored 4, Joe Fraley had 3, Tom Wingfield, Cecil Booker and Manley Ferguson scored 2 each, and Larry Kelso had 1.

Eight members of the 16-member team of Varsity Basketball for Appomattox will not be back next year as Raiden players. A salute to these guys and their efforts is in order:

In the last week of regular seminole district games, the Raiders faced Amherst County Lancers with a chance for a three-way tie between Amherst, Appomattox and Gretna. But the Raiders would have to beat Amherst on Tuesday night, February 15. The Raiders entered the gym with hope in their eyes, but they left with a 70 - 50 loss.

In the first quarter, Amherst scored 15 points to a Raider 9. In the second quarter, the Lancers scored 16 points and the Raiders scored 6. In the third quarter, Amherst again led the scoring but the Raiders began to pick up, scoring 14 points. Both teams hit their

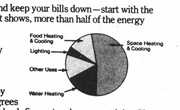
The biggest ways to save energy this winter are right at your fingertips.

If you really want to save energy—and keep your bills down—start with the things that use the most. As the chart shows, more than half of the energy you use in your home goes to heat it, whether your home uses gas, oil or electricity. So the more of this energy you save, the more you can save on your heating costs.



Begin by putting your finger on those heating costs. You can do this by keeping your thermostat set at 65 degrees or less during the day—and turning it back five or ten degrees at night. (Heat pump users should not set back their thermostats at night as the morning recovery period will offset the efficiency of continuous operation.)

Another tip?

Make sure you have plenty of insulation. Six inches in ceilings and three inches in floors and walls are the minimum you should have—nine inches in ceilings and six inches under floors are desirable. (If you are planning to build a home, look into the new construction techniques that will permit you to put six inches of insulation in outer walls.)

Storm windows and doors pay for themselves in energy savings. Weather stripping and caulking are also good, inexpensive ways to keep in the heat. And if you're building a new home or changing your heating system, consider the heat pump—one of the most efficient ways available to heat your home.

DON'T LET MONEY GO DOWN THE DRAIN.

Since water heating is the next biggest winter energy consumer, look at these ideas.

Set your hot water heater no higher than 140°F. Do only full loads in your washing machine and dishwasher. When you're doing the laundry, use cold water to do the job whenever possible. And to save even more, take a quick shower instead of a tub bath. Surprisingly enough, you'll use a lot less water.

Also, fix those leaky hot water faucets. One drop per second adds up to 200 gallons a month. And that's a lot of hot water and money down the drain.

COVER POTS WHILE COOKING.

And when it comes to cooking in the oven, try cooking in double quantities. What you don't use right away, you can freeze for later use.

Use countertop cooking appliances or a microwave oven if you have them instead of your electric range. They usually use less electricity.

Keep refrigerator door opening to a minimum. And when you do open it, shut it as soon as possible.

Be sure to avoid overchilling, 40 degrees is recommended for refrigerators, 0 degrees for freezers.

Vepco
America is a powerful idea.
Let's keep it that way.
